

St Alban's Catholic School

Governors' Vision Statement

As a Catholic school we believe that Jesus Christ is at the heart of all that we are striving to achieve in each and every aspect of school life

We strive to build a school where all can live, love and learn in a caring and nurturing Christian community

We hope to inspire every child:

- **to have the confidence to learn**
- **to aspire to be the best that they can be**
- **to put into practice the Gospel values of respect, forgiveness, compassion, justice and truth**
- **to help all in our school community to know, love and serve God in our hearts, minds and actions**

So that all in our school community can live life to the full as we love, learn, share, and respect in the light of Jesus.

St Alban's Catholic School Governing Body

The role of the Governing Body is: to ensure clarity of vision, ethos and the strategic direction for the school; to support and challenge school leaders for the educational performance and development of the school; and to oversee the financial performance of the school, including monitoring of the school budget that covers salaries, building maintenance, resources and daily running costs. The Governing Body can, with the approval of the Academy Trust, decide how many staff to employ and who they need to employ. They look at what priorities have been identified and allocate resources accordingly. The Governing Body considers what new strategies and initiatives will need implementing in school to ensure that children make the very best progress.

Governors are volunteers and the overall Governing Body is made up of a number of different types of governors.
